INDEPENDENT AUDITOR'S REPORT

Board of Directors
Ricewood Municipal
Utility District
Harris County, Texas

Opinions

I have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Ricewood Municipal Utility District as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise Ricewood Municipal Utility District's basic financial statements as listed in the table of contents.

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Ricewood Municipal Utility District, as of September 30, 2022, and the respective changes in financial position and, where applicable, cash flows there of for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

I conducted my audit in accordance with auditing standards generally accepted in the United States of America. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am required to be independent of Ricewood Municipal Utility District, and to meet my other ethical responsibilities, in accordance with the relevant ethical requirements relating to my audit. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Ricewood Municipal Utility District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

INDEPENDENT AUDITOR'S REPORT (Continued)

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, I exercise professional judgment and maintain professional skepticism throughout the audit. I identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. I obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Ricewood Municipal Utility District's internal control. Accordingly, no such opinion is expressed. I evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements. I conclude whether, in my judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Ricewood Municipal Utility District's ability to continue as a going concern for a reasonable period of time.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that I identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. I have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge I obtained during my audit of the basic financial statements. I do not express an opinion or provide any assurance on the information because the limited procedures do not provide me with sufficient evidence to express an opinion or provide any assurance.

INDEPENDENT AUDITOR'S REPORT (Continued)**Supplementary Information**

My audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Ricewood Municipal Utility District's basic financial statements. The supplementary information on Pages 23 to 40 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Except for the portion marked "unaudited," the information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole. The supplementary information marked "unaudited" has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, I do not express an opinion or provide any assurance on it. The accompanying supplementary information includes financial data excerpted from prior year financial statements which were audited by my firm.

A handwritten signature in dark ink, appearing to read "M. Craig" or similar, with a stylized flourish at the end.

Management's Discussion and Analysis

Using this Annual Report

Within this section of the Ricewood Municipal Utility District (the "District") annual report, the District's Board of Directors provides narrative discussion and analysis of the financial activities of the District for the fiscal year ended September 30, 2022.

The annual report consists of a series of financial statements plus additional supplemental information to the financial statements as required by its state oversight agency, the Texas Commission on Environmental Quality. In accordance with required reporting standards, the District reports its financial activities as a special-purpose government. Special-purpose governments are governmental entities which engage in a single governmental program. In the District's case, the single governmental program is provision of water and sewer services. Other activities, such as security service and garbage collection, are minor activities and are not budgeted or accounted for as separate programs. The financial statements of special-purpose governments combine two types of financial statements into one statement. These two types of financial statements are the government-wide financial statements and the fund financial statements. The fund financial statements are presented on the left side of the statements, a column for adjustments is to the right of the fund financial statements, and the government-wide financial statements are presented to the right side of the adjustments column. The following sections describe the measurement focus of the two types of statements and the significant differences in the information they provide.

Government-Wide Financial Statements

The focus of government-wide financial statements is on the overall financial position and activities of the District. The District's government-wide financial statements include the statement of net position and statement of activities, which are prepared using accounting principles that are similar to commercial enterprises. The purpose of the statement of net position is to attempt to report all of the assets and liabilities owned by the District. The District reports all of its assets when it acquires or begins to maintain the assets and reports all of its liabilities when they are incurred.

The difference between the District's total assets and total liabilities is labeled as *net position* and this difference is similar to the total owners' equity presented by a commercial enterprise.

The purpose of the statement of activities is to present the revenues and expenses of the District. Again, the items presented on the statement of activities are measured in a manner similar to the approach used by a commercial enterprise in that revenues are recognized when earned or established criteria are satisfied and expenses are reported when incurred by the District. Thus, revenues are reported even when they may not be collected for several months or years after the end of the accounting period and expenses are recorded even though they may not have used cash during the current period.

Although the statement of activities looks different from a commercial enterprise's income statement, the financial statement is different only in format, not substance. Whereas the bottom line in a commercial enterprise is its net income, the District reports an amount described as *change in net position*, essentially the same thing.

Fund Financial Statements

Unlike government-wide financial statements, the focus of fund financial statements is directed to specific activities of the District rather than the District as a whole. Except for the General Fund, a specific fund is established to satisfy managerial control over resources or to satisfy finance-related legal requirements established by external parties or governmental statutes or regulations.

Governmental fund financial statements consist of a balance sheet and statement of revenues, expenditures and change in fund balances and are prepared on an accounting basis that is significantly different from that used to prepare the government-wide financial statements.

In general, these financial statements have a short-term emphasis and, for the most part, measure and account for cash and other assets that can easily be converted into cash. For example, amounts reported on the balance sheet include items such as cash and receivables collectible within a very short period of time, but do not include capital assets such as land and water and sewer systems. Fund liabilities include amounts that are to be paid within a very short period after the end of the fiscal year. The difference between a fund's total assets and total liabilities is labeled the fund balance, and generally indicates the amount that can be used to finance the next fiscal year's activities. Likewise, the operating statement for governmental funds reports only those revenues and expenditures that were collected in cash or paid with cash, respectively, during the current period or very shortly after the end of the fiscal year.

Because the focus of the government-wide and fund financial statements are different, there are significant differences between the totals presented in these financial statements. For this reason, there is an analysis in Note 3 of the notes to the financial statements that reconciles the total fund balances to the amount of net position presented in the governmental activities column on the statement of net position. Also, there is an analysis in Note 3 of the notes to the financial statements that reconciles the total change in fund balances for all governmental funds to the change in net position as reported in the governmental activities column in the statement of activities.

Financial Analysis of the District as a Whole

Financial Analysis of the District as a Whole begins with an understanding of how financial resources flow through the District's funds. Resources in the Capital Projects Fund are derived principally from proceeds of the sale of bonds, and expenditures from this fund are subject to the Rules of the Texas Commission on Environmental Quality. Resources in the Debt Service Fund are derived principally from the collection of property taxes and are used for the payment of tax collection costs and bond principal and interest. Resources in the General Fund are derived principally from property taxes and billings for water and sewer services and are used to operate and maintain the system and to pay costs of administration of the District.

Management has financial objectives for each of the District's funds. The financial objective for the Capital Projects Fund is to spend the funds as necessary in accordance with the Rules of the Texas Commission on Environmental Quality. The financial objective for the Debt Service Fund is to levy the taxes necessary to pay the fiscal year debt service requirements plus the cost of levying and collecting taxes, leaving the appropriate fund balance as recommended by the District's financial advisor. The financial objective for the General Fund is to keep the fund's expenditures as low as possible while ensuring that revenues are adequate to cover expenditures and maintaining the fund balance that Management believes is prudent. Management believes that these financial objectives were met during the fiscal year.

Management believes that the required method of accounting for certain elements of the government-wide financial statements makes the government-wide financial statements as a whole not useful for financial analysis. In the government-wide financial statements, capital assets and depreciation expense have been required to be recorded at historical cost. Management's policy is to maintain the District's capital assets in a condition greater than or equal to the condition required by regulatory authorities, and management does not believe that depreciation expense is relevant to the management of the District. In the government-wide financial statements, certain non-cash costs of long-term debt are capitalized and amortized over the life of the related debt. Management believes that this required method of accounting is not useful for financial analysis of the District and prefers to consider the required cash flows of the debt as reported in the fund statements and the notes to the financial statements. In the government-wide financial statements, property tax revenues are required to be recorded in the fiscal year for which the taxes are levied, regardless of the year of collection. Management believes that the cash basis method of accounting for property taxes in the funds provides more useful financial information.

The following required summaries of the District's overall financial position and operations for the past two years are based on the information included in the government-wide financial statements. For the reasons described in the preceding paragraph, a separate analysis of the summaries is not presented.

Summary of Net Position

	<u>2022</u>	<u>2021</u>	<u>Change</u>
Current and other assets	\$ 6,243,558	\$ 6,353,296	\$ (109,738)

Debt service	174,176	220,821	(46,645)
Total expenses	<u>3,398,816</u>	<u>3,151,990</u>	<u>246,826</u>
Change in net position	395,364	355,559	39,805
Net position, beginning of year	<u>5,348,622</u>	<u>4,993,063</u>	<u>355,559</u>
Net position, end of year	<u>\$ 5,743,986</u>	<u>\$ 5,348,622</u>	<u>\$ 395,364</u>

Financial Analysis of the District's Funds

The District's combined fund balances as of the end of the fiscal year ended September 30, 2022 were \$5,667,547, a decrease of \$350,071 from the prior year.

The General Fund balance decreased by \$4,250, in accordance with the District's financial plan.

The Debt Service Fund balance decreased by \$70,772, in accordance with the District's financial plan.

The Capital Projects Fund balance decreased by \$275,049, as authorized expenditures exceeded interest earnings.

General Fund Budgetary Highlights

The Board of Directors did not amend the budget during the fiscal year. The District's budget is primarily a planning tool. Accordingly, actual results varied from the budgeted amounts. A comparison of actual to budgeted amounts is presented on Page 22 of this report. The budgetary fund balance as of September 30, 2022, was expected to be \$3,313,145 and the actual end of year fund balance was \$3,329,333.

Capital Asset and Debt Administration

Capital Assets

Capital assets held by the District at the end of the current and previous fiscal years are summarized as follows:

	<u>Capital Assets (Net of Accumulated Depreciation)</u>		
	<u>2022</u>	<u>2021</u>	<u>Change</u>
Land	\$ 454,939	\$ 454,939	\$ 0
Detention ponds	309,913	309,913	0
Construction in progress	884,217	835,634	48,583
Park facilities	279,984	300,401	(20,417)
Water facilities	1,490,253	1,310,022	180,231
Sewer facilities	<u>3,352,163</u>	<u>3,448,068</u>	<u>(95,905)</u>
Totals	<u>\$ 6,771,469</u>	<u>\$ 6,658,977</u>	<u>\$ 112,492</u>

Changes to capital assets during the fiscal year ended September 30, 2022, are summarized as follows:

Additions:

Water system improvements	\$ 290,821
Improvements at joint facility	<u>48,583</u>
Total additions to capital assets	339,404

Decreases:

Depreciation	<u>(226,912)</u>
Net change to capital assets	<u>\$ 112,492</u>

Debt

Changes in the bonded debt position of the District during the fiscal year ended September 30, 2022, are summarized as follows:

Bonded debt payable, beginning of year	\$ 7,420,000
Bonds paid	<u>(615,000)</u>
Bonded debt payable, end of year	<u>\$ 6,805,000</u>

At September 30, 2022, the District had \$1,940,000 of bonds authorized but unissued for the purposes of acquiring, constructing and improving the water, sanitary sewer and drainage system within the District.

The District's Series 2014 bonds have an underlying rating of A by Standard & Poor's and the Series 2015A and 2019 bonds have an underlying rating of A2 by Moody's. The Series 2015 bonds are not rated or insured. The Series 2014 and 2019 bonds are insured by Build America Mutual Assurance Corporation and the Series 2015A bonds are insured by Assured Guaranty Municipal Corp. Because of the insurance, the Series 2014, 2015A and 2019 bonds are rated AA by Standard & Poor's. There were no changes in the bond ratings during the fiscal year ended September 30, 2022.

RELEVANT FACTORS AND WATER SUPPLY ISSUES

Property Tax Base

The District's tax base increased approximately \$29,560,000 for the 2021 tax year (approximately 7%) primarily due to the increased valuation on existing property.

Relationship to the City of Houston

Utilizing a provision of Texas law, effective December 20, 2007, the District and the City of Houston (the "City") entered into a 30 year Strategic Partnership Agreement (the "Agreement"). Under the terms of the Agreement, the City annexed a portion of the District (the "Partial District") for the limited purpose of imposition of the City's Sales and Use Tax. In addition, the Agreement provides that the City shall apply and enforce within the Partial District the most current section of the City's fire code banning fireworks as adopted by City Council. The Agreement states that the District and all taxable property within the District shall not be liable for any present or future debts of the City and current and future taxes levied by the City shall not be levied on taxable property with the District. During the term of the SPA, the City has agreed not to annex all or part of the District or commence any action to annex all or part of the District for full purposes.

The City has imposed a Sales and Use Tax within the boundaries of the Partial District at the time of the limited-purpose annexation of the Partial District. The Agreement provides that the City shall pay to the District one half of all Sales and Use Tax revenues generated within the boundaries of the Partial District and received by the City from the Comptroller of Public Accounts of the State of Texas.

Water Supply Issues

The District is within the Harris-Galveston Subsidence District (the "Subsidence District") Regulatory Area No. 3. The Subsidence District regulates the withdrawal of groundwater within its jurisdiction. The District's authority to pump ground water from its well is subject to annual permits issued by the Subsidence District. The Subsidence District has ordered certain areas of suburban Houston to convert most of their water supply to surface water under various schedules. The Subsidence District has designated January 2025 as the date required for the District to restrict the withdrawal of ground water and convert 60% of its total water use to surface water and January 2035, as the date required for the District to restrict the withdrawal of ground water and convert 80% of its total water use to surface water. If the District does not meet the requirements of the Subsidence District, the District may be required to pay the disincentive fees adopted by the Subsidence District.

In May, 2001, the Texas Legislature created the West Harris County Regional Water Authority (the "Authority") and included the District within the boundaries of the Authority. The Authority was created to provide a regional entity to build the necessary facilities to meet the subsidence District's requirements for conversion from ground water to surface water of all permit holders within its boundaries, including the District. Accordingly, the District is required to pay groundwater reduction plan fees to the Authority, and in turn is entitled to rely upon the Authority's GRP to achieve compliance with the subsidence District's requirements. In accordance with the GRP, the Authority has negotiated a water supply contract with the City of Houston and has issued revenue bonds to finance the surface water supply system. The Authority may establish such fees, charges, or tolls as necessary to accomplish its purposes. As of September 30, 2022, the Authority's ground water pumpage fee was equal to \$3.70 per 1,000 gallons pumped, and is expected to increase in the future. At this date the Authority's surface water usage fee was equal to \$4.10 per 1,000 gallons, and is expected to increase in the future.

The District cannot predict the amount or level of fees and charges which may be due the Authority for future years, but anticipates that it will pass such fees, either in whole or in part, through to its customers in higher water rates. In the event the Authority fails to commence construction of surface water infrastructure by the deadline established by the Subsidence District, the District and others within the Authority's GRP group could be required to pay the disincentive fee on withdrawn groundwater. This disincentive fee is substantial, and the District expects it would need to pass such fee through to its customers in the form of higher water rates. This disincentive fee would be in addition to the Authority's fee.

The accompanying notes are an integral part of the financial statements.

RICEWOOD MUNICIPAL UTILITY DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

NOTE 1: REPORTING ENTITY

Ricewood Municipal Utility District (the "District") was created by an order of the Texas Water Commission (now the Texas Commission on Environmental Quality) effective April 4, 1978, and operates in accordance with Texas Water Code, Chapters 49 and 54, as amended. The District is a political subdivision of the State of Texas, governed by an elected five member Board of Directors. The Board of Directors held its first meeting on April 13, 1978, and the first bonds were sold on June 27, 1983. The District is subject to the continuing supervision of the Texas Commission on Environmental Quality.

The District is empowered, among other things, to purchase, construct, operate and maintain all works, improvements, facilities and plants necessary for the supply of water; the collection, transportation and treatment of wastewater; and the control and diversion of storm water. The District may provide security services, park and recreational facilities, and garbage disposal, collection services and recycling. In addition, the District is empowered, if approved by the electorate, the Texas Commission on Environmental Quality and other governmental entities having jurisdiction, to establish, operate and maintain a fire department, either independently or jointly with certain other districts.

In evaluating how to define the District for financial reporting purposes, the Board of Directors of the District has considered all potential component units. The decision to include a potential component unit in the reporting entity was made by applying the criteria established by the Governmental Accounting Standards Board. The basic, but not the only, criterion for including a potential component unit within the reporting entity is the governing body's ability to exercise oversight responsibility. The most significant manifestation of this ability is financial interdependency. Other manifestations of the ability to exercise oversight responsibility include, but are not limited to, the selection of governing authority, the designation of management, the ability to significantly influence operations and accountability for fiscal matters. The other criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the existence of special financing relationships, regardless of whether the District is able to exercise oversight responsibilities. Based upon the application of these criteria, there were no other entities which were included as a component unit in the District's financial statements.

The District is a participant in the Mayde Creek Waste Treatment Facilities (the "Facilities"). Oversight of the Facilities is exercised by the Board of Directors of Mayde Creek Municipal Utility District. Based on the criteria described above, the financial activity of the Facilities has not been included in the District's financial statements as a component unit. Transactions with and summary financial information regarding the Facilities are described in Note 10.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

NOTE 2: SIGNIFICANT ACCOUNTING POLICIES

The District's financial statements are prepared in accordance with generally accepted accounting principles ("GAAP"). The Governmental Accounting Standards Board (the "GASB") is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). Governments are also required to follow the pronouncements of the Financial Accounting Standards Board issued through November 30, 1989 (when applicable), that do not conflict with or contradict GASB pronouncements. The more significant accounting policies established in GAAP and used by the District are discussed below.

Basic Financial Statements

The District's basic financial statements include both government-wide (reporting the District as a whole) and governmental fund financial statements (reporting the District's funds). Because the District is a single-program government as defined by the GASB, the District has combined the government-wide statements and the fund financial statements using a columnar format that reconciles individual line items of fund financial data to government-wide data in a separate column on the face of the financial statements. An additional reconciliation between the fund and the government-wide financial data is presented in Note 3.

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the District. The effect of interfund activity has been removed from these statements. The District's net position is reported in three parts – invested in capital assets, net of related debt; restricted net position; and unrestricted net position. The government-wide statement of activities reports the components of the changes in net position during the reporting period.

The financial transactions of the District are reported in individual funds in the fund financial statements. Each fund is accounted for in a separate set of self-balancing accounts that comprises its assets, liabilities, fund balances, revenues and expenditures and changes in fund balances. The District's fund balances are either not spendable, restricted, committed, assigned or unassigned. Nonspendable fund balances are reported as nonspendable, restricted, committed, assigned or unassigned. Nonspendable fund balances are either not in spendable form or are contractually required to remain intact. Restricted fund balances include amounts that can only be used for the specific purposes stipulated by constitutional provisions, external resource providers or enabling legislation. Committed fund balances include amounts that can only be used for the specific purposes determined by formal action of the District's Board of Directors. Assigned fund balances are intended for a specific purpose but do not meet the criteria to be classified as restricted or committed. Unassigned fund balance is the residual classification for the District's General Fund and includes all spendable amounts not contained in the other classifications. The transactions of the District are accounted for in the following funds:

General Fund -- To account for all revenues and expenditures not required to be accounted for in other funds.

Debt Service Fund -- To account for the accumulation of financial resources for, and the payment of, bond principal and interest, paid principally from property taxes levied by the District.

Capital Projects Fund -- To account for financial resources designated to construct or acquire capital assets. Such resources are derived principally from proceeds of the sale of bonds.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

Basis of Accounting

The government-wide statements are reported using the economic resources measurement focus and the accrual basis of accounting which recognizes all long-term assets and receivables as well as long-term debt and obligations. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Ad valorem property taxes are recognized as revenues in the fiscal year for which they have been levied and related penalties and interest are recognized in the fiscal year in which they are imposed. An allowance for uncollectibles is estimated for delinquent property taxes and reported separately in the financial statements.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available if they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. Expenditures generally are recorded when a liability is incurred except for principal and interest on bonds payable which are recorded only when payment is due.

Interfund Activity

Activity between funds that is representative of lending/borrowing arrangements outstanding at the end of the fiscal year is reported as interfund receivables or payables, as appropriate, as are all other outstanding balances between funds. Operating transfers between funds represent legally authorized transfers from the fund receiving resources to the fund through which the resources are to be expended.

Receivables

Service accounts receivable as reported are considered collectible. The District uses the direct write off method for uncollectible service accounts. Unbilled water and sewer revenues are not material and are not recorded at year end. The District considers service accounts revenues to be available if they are to be collected within 60 days after the end of the fiscal year.

In the fund financial statements, ad valorem taxes and penalties and interest are reported as revenues in the fiscal year in which they become available to finance expenditures of the fiscal year for which they have been levied. Property taxes which have been levied and are not yet collected (or have been collected in advance of the fiscal year for which they have been levied) are recorded as deferred inflow of resources. Property taxes collected after the end of the fiscal year are not included in revenues.

Capital Assets

Capital assets, which include property, plant, equipment, and immovable public domain or "infrastructure" assets are reported in the government-wide financial statements. Capital assets are defined by the District as assets with an initial individual cost of more than \$5,000 (including installation costs, if any, and associated professional fees) and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed by the District. Donated capital assets are recorded at historical cost. Additions, improvements and other capital outlays that significantly extend the useful life of an asset or increase the value of an asset are capitalized. Costs incurred for repairs and maintenance are expensed as incurred.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

Depreciation on capital assets is computed using the straight-line method over the following estimated useful lives:

Plant and equipment	10-45 years
Underground lines	45 years

Long-term Liabilities

Long-term debt and other long-term obligations are reported in the government-wide financial statements. Bond premiums and discounts, are deferred and amortized over the life of the bonds. Bonds payable are reported net of the applicable premium or discount. If bonds are refunded and the carrying amount of the new debt is different than the net carrying amount of the old debt, the difference is netted against the new debt and amortized using the effective interest method over the shorter of the remaining life of the refunded debt or the life of the new debt issued.

In the fund financial statements, governmental funds recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as expenditures of the fund from which they are paid.

NOTE 3: RECONCILIATION OF FUND TO GOVERNMENT-WIDE FINANCIAL STATEMENTS

Reconciliation of year end fund balances to net position:

Total fund balances, end of year		\$ 5,667,547
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds:		
Total capital assets, net		6,771,469
Some long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the funds:		
Bonds payable	\$ (6,805,000)	
Deferred charge on refunding (to be amortized as interest expense)	2,879	
Issuance discount net of premium (to be amortized as interest expense)	<u>92,021</u>	(6,710,100)
Some receivables that do not provide current financial resources are not reported as receivables in the funds:		
Accrued penalty and interest on property taxes receivable	5,393	
Uncollected property taxes	<u>23,572</u>	28,965
Some liabilities that do not require the use of current financial resources are not reported as liabilities in the funds:		
Accrued interest		<u>(13,895)</u>
Net position, end of year		<u>\$ 5,743,986</u>

NOTES TO THE FINANCIAL STATEMENTS (Continued)

Reconciliation of net change in fund balances to change in net position:

Total net change in fund balances		\$ (350,071)
<p>The funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense:</p>		
Capital outlay	\$ 339,404	
Depreciation	<u>(226,912)</u>	112,492
<p>The issuance of long-term debt (bonds payable) provides current financial resources to the funds, while the repayment of the principal of long-term debt consumes the current financial resources of the funds. Neither transaction, however, has any effect on net position. The effect of these differences in the treatment of long-term debt:</p>		
Principal reduction		615,000
<p>The funds report the effect of bond premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. The net effect of these differences in the treatment of these items:</p>		
Refunding charges	(2,484)	
Issuance discount, net of premium	<u>14,184</u>	11,700
<p>Some revenues reported in the statement of activities do not provide current financial resources and therefore are not reported as revenues in the funds:</p>		
Accrued penalty and interest on property taxes receivable	1,429	
Uncollected property taxes	<u>3,256</u>	4,685
<p>Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in the funds:</p>		
Accrued interest		<u>1,558</u>
Change in net position		<u>\$ 395,364</u>

NOTES TO THE FINANCIAL STATEMENTS (Continued)

NOTE 4: CAPITAL ASSETS

Capital asset activity for the fiscal year ended September 30, 2022, was as follows:

	<u>Beginning Balance</u>	<u>Increases</u>	<u>Decreases</u>	<u>Ending Balance</u>
Capital assets not being depreciated:				
Land	\$ 454,939	\$	\$	\$ 454,939
Detention ponds	309,913			309,913
Construction in progress	<u>835,634</u>	<u>48,583</u>		<u>884,217</u>
Total capital assets not being depreciated	<u>1,600,486</u>	<u>48,583</u>	<u>0</u>	<u>1,649,069</u>
Depreciable capital assets:				
Park facilities	877,241	290,821		1,168,062
Water system	3,850,247			3,850,247
Sewer system	<u>6,640,011</u>			<u>6,640,011</u>
Total depreciable capital assets	<u>11,367,499</u>	<u>290,821</u>	<u>0</u>	<u>11,658,320</u>
Less accumulated depreciation for:				
Park facilities	(576,840)	(20,417)		(597,257)
Water system	(2,540,225)	(110,590)		(2,650,815)
Sewer system	<u>(3,191,943)</u>	<u>(95,905)</u>		<u>(3,287,848)</u>
Total accumulated depreciation	<u>(6,309,008)</u>	<u>(226,912)</u>	<u>0</u>	<u>(6,535,920)</u>
Total depreciable capital assets, net	<u>5,058,491</u>	<u>63,909</u>	<u>0</u>	<u>5,122,400</u>
Total capital assets, net	<u>\$ 6,658,977</u>	<u>\$ 112,492</u>	<u>\$ 0</u>	<u>\$ 6,771,469</u>
Changes to capital assets:				
Capital outlay		\$ 339,404	\$	
Less depreciation expense for the fiscal year		<u>(226,912)</u>		
Net increases / decreases to capital assets		<u>\$ 112,492</u>	<u>\$ 0</u>	

NOTE 5: LONG-TERM LIABILITIES AND CONTINGENT LIABILITIES

Long-term liability activity for the fiscal year ended September 30, 2022, was as follows:

	<u>Beginning Balance</u>	<u>Additions</u>	<u>Reductions</u>	<u>Ending Balance</u>	<u>Due within One Year</u>
Bonds payable	\$ 7,420,000	\$	\$ 615,000	\$ 6,805,000	\$ 605,000
Less deferred amounts:					
For issuance (discount) premium	(77,837)		14,184	(92,021)	(2,874)
For refunding	<u>(5,363)</u>		<u>(2,484)</u>	<u>(2,879)</u>	<u>(1,188)</u>
Total bonds payable	<u>7,336,800</u>	<u>0</u>	<u>626,700</u>	<u>6,710,100</u>	<u>600,938</u>
Total long-term liabilities	<u>\$ 7,336,800</u>	<u>\$ 0</u>	<u>\$ 626,700</u>	<u>\$ 6,710,100</u>	<u>\$ 600,938</u>

Developer Construction Commitments and Liabilities

At September 30, 2022, there were no developer construction commitments or liabilities.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

As of September 30, 2022, the debt service requirements on the bonds outstanding were as follows:

Fiscal Year	Principal	Interest	Total
2023	\$ 605,000	\$ 166,745	\$ 771,745
2024	460,000	150,412	610,412
2025	465,000	139,334	604,334
2026	465,000	127,462	592,462
2027	460,000	115,589	575,589
2028 - 2032	1,840,000	423,802	2,263,802
2033 - 2037	2,050,000	213,063	2,263,063
2038	460,000	11,500	471,500
	<u>\$ 6,805,000</u>	<u>\$ 1,347,907</u>	<u>\$ 8,152,907</u>

Bonds voted	\$ 24,300,000.00
Bonds approved for sale and sold	22,360,000.00
Bonds voted and not issued	1,940,000.00
Refunding bonds voted	24,300,000.00
Refunding bonds approved for sale and sold	6,317,514.25
Refunding bonds voted and not issued	17,982,485.75

The bonds are payable from the proceeds of an ad valorem tax levied upon all property subject to taxation within the District, without limitation as to rate or amount.

The bond issues payable at September 30, 2022, were as follows:

	<u>Refunding Series 2014</u>	<u>Refunding Series 2015</u>	<u>Series 2015A</u>
Amounts outstanding, September 30, 2022	\$165,000	\$1,620,000	\$1,120,000
Interest rates	3.50%	2.59%	2.125% to 3.00%
Maturity dates, serially beginning/ending	September 1, 2023	September 1, 2023/2028	September 1, 2023/2028
Interest payment dates	March 1/September 1	March 1/September 1	March 1/September 1
Callable dates	September 1, 2021*	September 1, 2022*	September 1, 2023*

*Or any date thereafter, in whole or in part, callable at par plus unpaid accrued interest to the date fixed for redemption.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

	<u>Series 2019</u>
Amounts outstanding, September 30, 2022	\$3,900,000
Interest rates	2.00% to 2.50%
Maturity dates, serially beginning/ending	September 1, 2029/2038
Interest payment dates	March 1/September 1
Callable dates	September 1, 2025*

*Or any date thereafter, in whole or in part, callable at par plus unpaid accrued interest to the date fixed for redemption.

NOTE 6: PROPERTY TAXES

The Harris County Appraisal District has the responsibility for appraising property for all taxing units within the county as of January 1 of each year, subject to review and change by the county Appraisal Review Board. The appraisal roll, as approved by the Appraisal Review Board, must be used by the District in establishing its tax roll and tax rate. The District's taxes are usually levied in the fall, are due when billed and become delinquent after January 31 of the following year or 30 days after the date billed, whichever is later. On January 1 of each year, a statutory tax lien attaches to property to secure the payment of all taxes, penalties and interest ultimately imposed for the year on the property.

The Bond Orders require that the District levy and collect an ad valorem debt service tax sufficient to pay interest and principal on bonds when due and the cost of assessing and collecting taxes.

At an election held January 16, 1982, the voters within the District authorized a maintenance tax not to exceed \$0.50 per \$100 valuation on all property subject to taxation within the District. This maintenance tax is being used by the General Fund to pay expenditures of operating the District.

On September 21, 2021, the District levied the following ad valorem taxes for the 2021 tax year on the adjusted taxable valuation of \$430,564,104:

	<u>Rate</u>	<u>Amount</u>
Debt service	\$ 0.1800	\$ 775,015
Maintenance	<u>0.1850</u>	<u>796,544</u>
	<u>\$ 0.3650</u>	<u>\$ 1,571,559</u>

A reconciliation of the tax levy to property tax revenues on the Statement of Activities is as follows:

2021 tax year total property tax levy	\$ 1,571,559
Appraisal district adjustments to prior year taxes	<u>(9,824)</u>
Statement of Activities property tax revenues	<u>\$ 1,561,735</u>

NOTE 7: DEPOSITS AND TEMPORARY INVESTMENTS

The District complied with the requirements of the Public Funds Investment Act during the current fiscal year including the preparation of quarterly investment reports required by the Act.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

State statutes authorize the District to invest and reinvest in direct or indirect obligations of the United States, the State of Texas, any county, city, school district, or other political subdivision of the state, or in local government investment pools authorized under the Public Funds Investment Act. Funds of the District may be placed in certificates of deposit of state or national banks or savings and loan associations within the state provided that they are secured in the manner provided for the security of the funds under the laws of the State of Texas. In accordance with the District's investment policies, during the current year the District's funds were invested in interest bearing accounts at authorized financial institutions and an authorized private sector investment pool (Texas CLASS). The private sector investment pool is rated AAAM by Standard & Poor's.

In accordance with state statutes and the District's investment policies, the District requires that insurance or security be provided by depositories for all funds held by them. At the balance sheet date, the District's deposits were covered by federal insurance.

At the balance sheet date the carrying value and market value of the investments in the authorized private sector investment pool was \$3,806,741.

Deposits and temporary investments restricted by state statutes and the Bond Orders:

Debt Service Fund

For payment of debt principal and interest, paying agent fees and costs of assessing and collecting taxes:

Cash	\$ 62,050
Temporary investments	<u>281,066</u>
	<u>\$ 343,116</u>

Capital Projects Fund

For construction of capital assets:

Cash	\$ 340
Temporary investments	<u>2,011,199</u>
	<u>\$ 2,011,539</u>

NOTE 8: RISK MANAGEMENT

The District is exposed to various risks of loss related to: torts; theft of, damage to, and destruction of assets; errors and omissions; personal injuries and natural disasters. Significant losses are covered by insurance as described below. There were no significant reductions in insurance coverage from the prior fiscal year. There have been no settlements which have exceeded the insurance coverage for each of the past three fiscal years.

At September 30, 2022, the District had physical damage and boiler and machinery coverage of \$4,500,000, comprehensive general liability coverage with a per occurrence limit of \$1,000,000 and \$3,000,000 general aggregate, consultant's crime coverage of \$50,000 and a tax assessor-collector bond of \$10,000.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

NOTE 9: REGIONAL WATER AUTHORITY

The West Harris County Regional Water Authority (the "Authority") was created by House Bill 1842, Acts of the 77th Legislature, Regular Session 2001. The Authority is a political subdivision of the State of Texas, governed by an elected nine member Board of Directors. The Authority is empowered to, among other powers, "acquire or develop surface water and ground water supplies from sources inside of or outside of the boundaries of the authority and may conserve, store, transport, treat, purify, distribute, sell and deliver water to persons, corporations, municipal corporations, political subdivisions of the state, and others, inside of and outside of the boundaries of the authority." The Authority is also empowered to "establish fees and charges as necessary to enable the authority to fulfill the authority's regulatory obligations." In accordance with this provision, at September 30, 2022, the Authority had established a ground water pumpage fee of \$3.70 per 1,000 gallons of water pumped from each regulated well and surface water usage fees of \$4.10 per 1,000 gallons. The fees payable by the District to the Authority for the fiscal year ended September 30, 2022, were \$813,509. The District billed its customers \$763,152 during the fiscal year to pay for the fees charged by the Authority.

NOTE 10: JOINT VENTURE

On March 5, 1979 (amended December 9, 1982, April 30, 1984, March 18, 2003, December 1, 2004, March 1, 2019, June 1, 2019 and August 10, 2019), the District, Mayde Creek Municipal Utility District and Clay Road Municipal Utility District entered into a forty year Waste Disposal Contract for the construction and operations of the Mayde Creek Municipal Utility District Waste Treatment Facilities (the "Facilities"). Oversight of the Facilities is exercised by the Board of Directors of Mayde Creek Municipal Utility District. Ownership of the capacity in the Facilities under the amended contract is as follows: Mayde Creek Municipal Utility District -- 29.50%; Ricewood Municipal Utility District -- 43.00%; Clay Road Municipal Utility District -- 27.50%. Construction costs of the Facilities are funded by the contribution of funds from each participating district or their developers. The Facilities issues no debt. Each participant records its share of the capital assets of the Facilities in its financial statements.

Each participant is responsible only for its share of the operating costs of the Facilities which are allocated and billed monthly based upon each participant's pro rata share of capacity in the Facilities. In addition, the District has contributed \$64,500 to an operating reserve. During the fiscal year ended September 30, 2022, the District accrued \$301,103 for purchased sewer services and \$48,583 for capital outlay. The District advanced funds for capital improvements, \$2,994 was unexpended at that date.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

The following summary financial data of the Facilities' General Fund is presented for the Facilities' fiscal year ended August 31, 2022:

****2021 INFORMATION - WAITING ON MAYDE CREEK AUDIT REPORT****

NOTE 11: STRATEGIC PARTNERSHIP AGREEMENT

On December 30, 2007, the District and the City of Houston (the "City") entered into a 30 year Strategic Partnership Agreement (the "Agreement"). Under the terms of the Agreement, the City annexed a portion of the District (the "Partial District") for the limited purposes of applying the City's Planning, Zoning, Health, and Safety Ordinances within the Partial District. The Agreement states that the District and all taxable property within the District shall not be liable for any present or future debts of the City and current and future taxes levied by the City shall not be levied on taxable property with the District. The City agreed that it will not annex the District for full purposes or commence any action to annex the District for full purposes during the term of this Agreement.

The City imposed a Sales and Use Tax within the boundaries of the Partial District at the time of the limited-purpose annexation of the Partial District. The Agreement provides that the City shall pay to the District one half of all Sales and Use Tax revenues generated within the boundaries of the Partial District and received by the City from the Comptroller of Public Accounts of the State of Texas. The District accrued Sales and Use Tax revenues of \$259,262 from the City for the fiscal year ended September 30, 2022, of which \$63,495 was receivable at that date.
